OMB A-76 Program Rights - A command does not have to go through the A-76 process but may do a direct conversion of that function to a private contractor if the command contracts with a firm that is 51% or more Native American owned, so long as the conversion is cost-effective.

5% Subcontracting Bonus - A DOD contractor that subcontracts with a firm that is 51% or more Native American owned is entitled to receive a bonus equal to 5% of the amount of the subcontract award.
