Denali Materials, a wholly owned subsidiary of St. Mary's Native Corporation, manufactures a variety of road-construction and maintenance related asphalt products as well as selling and applying dust palliatives. Denali Materials has a strong track record of supplying large jobs with in-spec product while meeting demanding schedules.

Denali Materials' innovative team is able to meet the polymer-modified asphalt, asphalt emulsion, and dust palliative needs of every customer. Our technical know-how in the field of asphalt and asphalt emulsions gives customers the peace of mind that they are buying the premier product available for the job at hand. Our knowledgeable staff supports customers with expertise in product handling, storage, and application.
